

Agenda of the Workshop

Interdisciplinary Research for Good Environmental Status: support to MSFD

"Lesson learnt, efficiency vs effectiveness, and synergies"

IAS-CNR, Capo Granitola, 12-13 September 2019

First day

13.00 Light Lunch

Session I: Policy-relevant science for MSFD GES determination

Chair: C. Zeri

14.00 Aim and organization of the workshop, results of the scoping workshop in Brussels" (M. Sproveri - Italy)

14.30 Related EU and JPI-O initiatives for a knowledge-based support to MSFD (TBD...EC)

15.00 Indicators of good environmental status of soil: lesson learnt (G. Masciandaro - Italy)

15.30 Coffee break

Session II: Short supporting presentations for the second day discussions

16.00 The IPCC model and the state of the art in understanding complex systems (M. Ribera d'Alcalà - Italy)

16.30 Augmented observatories: needs and limits (TBD...Belgium)

17.00 An EU scheme for multi-countries oceanographic cruises (J. Tronczynski - France)

17.45 Discussion

18.30 End of the first day

20.30 Dinner

Second day

Session III: Towards a JPI Oceans action

Chair: Thorsten Kiefer - JPI Oceans

09.00 Impact vs feasibility of JPI Oceans' activities: how to facilitate the Management Board (P.F. Moretti - JPI Oceans)

9:15 Discussion 1 "A scheme for workshops to support MSFD implementation": commitments & allocation of tasks

10:00 Coffee break

10.30 Discussion 2 "Multi-use of infrastructures": how to proceed within JPI Oceans

11:30 Discussion 3 "Augmented Observatories": from theory to practice

12:30 Factsheet presentation: to share, discuss and fix the final details of the factsheet of the action for the JPI Oceans

12:45 Connection to the JPI action on NOISE

13:00 To do list and conclusions

13.30 Lunch

14:30 End of the meeting
